Disclaimer: Oral care tips are intended for educational purposes as well as to promote understanding of general oral health topics and not as a substitute for professional diagnosis or treatment from a licensed dentist in your state. We recommend you to always seek your healthcare provider's advice.

Oral hygiene basic report: This is an auto-generated report with the help of artificial intelligence. The software for the dental screening and results produced is developed and maintained by Logy.AI and is solely responsible for its functioning, effectiveness and accuracy. Colgate is a facilitator and is not responsible for the dental screening & the reports generated.

Results and recommendations are based on the quality of your teeth images submitted to us.
